Customizing Digital Printed Products

Custom Printed Clear Acrylic Block - Custom Size

To add customized printing to any customizable print product, please use the following steps.

1. **Login to your ShopPOPdisplays account** or create an account: [Link](#)
2. **NOTE: Your designs will not be saved if you do not login** before you begin to design.
3. Choose the Custom Printed Clear Acrylic Block - Custom Size: [Link](#)
4. **Select Thickness (1 to 2 inches):** Choose the thickness that best suits your design needs.
5. **Select Width (1 to 24 inches):** Determine the width of your acrylic block based on your design or display requirements.
6. **Select Length (1 to 24 inches):** Choose the appropriate length for your project.
7. **Select Number of Sides Printed:** Decide how many sides of the acrylic block you would like to have your design printed on.
8. **Select the Quantity** you need and click on the green “**Customize Product**” button: Enter the number of units you require.
9. **This will load the ShopPOP Designer:** Use the ShopPOP Designer tool to create or upload your design directly onto the acrylic block.

Item ships about 10 business days after artwork approval and are non-returnable

MADE in USA

Design uploads require a minimum resolution of 96 DPI. DPI is calculated by measuring pixels per inch and resizing the uploaded file in the designer affects the DPI.

Please note: remove the background color on your artwork file before uploading, or use our background color removal tool to achieve the clear acrylic look otherwise the artwork will be printed on a white background by default. .png, .svg and .ai formats support clear backgrounds; .jpg images do not have clear backgrounds by default.

1) Design Options:

a. **Add Designs, Upload Design, Add Text, Design Text, Upload True Type Fonts,**
